

VERBAL INTELLIGENCE QUESTIONNAIRE

Description

This short questionnaire aims to assess the verbal intelligence affinity of the elderly people.

Time Needed

1 hour

Learning Setting

Individually, or in group activity
1 to 5 participants

Materials Required

This activity can be simply implemented by printing the verbal intelligence questionnaire and providing a pen or pencil to reply to it. It is also possible to do this test with an online tool, such as typeform.

Practical Tips

If the participants have difficulties to write and/or read, it is possible to adapt the activity as a group activity with a person reading out loud the questions and the participants are replying orally. The results are written on a white board for exchanges after the questionnaire.

Learning Objectives

- To raise awareness about verbal intelligence
- Creating conversations and exchanges about this topic
- To formulate what elderly people like or not

Step By Step Guidance

- Explanation of the activity (10 mn)
- Filling the questionnaire (20 mn)
- Conversation exchange about the answers

Expected Results

- Identifying the verbal intelligence activities they like the most
- Assessing their verbal intelligence's affinity
