

## MUSICAL INTELLIGENCE QUESTIONNAIRE

### Description

This short questionnaire aims to assess the musical intelligence affinity of the elderly people.

### Time Needed

1 hour

### Learning Setting

Individually, or in group activity  
1 to 5 participants

### Materials Required

This activity can be simply implemented by printing the musical intelligence questionnaire and providing a pen or pencil to reply to it. It is also possible to do this test with an online tool, such as typeform.

### Practical Tips

If the participants have difficulties to write and/or read, it is possible to adapt the activity as a group activity with a person reading out loud the questions and the participants are replying orally. The results are written on a white board for exchanges after the questionnaire.

### Learning Objectives

- To raise awareness about musical intelligence
- Creating conversations and exchanges about this topic
- To formulate what elderly people like or not

### Step By Step Guidance

- Explanation of the activity (10 mn)
- Filling the questionnaire (20 mn)
- Conversation exchange about the answers

### Expected Results

- Identifying the musical intelligence activities they like the most
- Assessing their musical intelligence's affinity
