

# VERBAL INTELLIGENCE QUESTIONNAIRE

## Description

This short questionnaire aims to assess the verbal intelligence affinity of the elderly people.

## Time Needed

1 hour

## Learning Setting

Individually, or in group activity  
1 to 5 participants

## Materials Required

This activity can be simply implemented by printing the verbal intelligence questionnaire and providing a pen or pencil to reply to it. It is also possible to do this test with an online tool, such as typeform.

## Learning Objectives

- To raise awareness about verbal intelligence
- Creating conversations and exchanges about this topic
- To formulate what elderly people like or not

## Step By Step Guidance

- Explanation of the activity (10 mn)
- Filling the questionnaire (20 mn)
- Conversation exchange about the answers

## Expected Results

- Identifying the verbal intelligence activities they like the most
- Assessing their verbal intelligence's affinity

## Practical Tips

If the participants have difficulties to write and/or read, it is possible to adapt the activity as a group activity with a person reading out loud the questions and the participants are replying orally. The results are written on a white board for exchanges after the questionnaire.
